Gardener's Journal.....

Ascension tide &, subject to a late cold snap, a brilliant spring unfolds around us. Camellias have been glorious. Below them daffodils have produced a truly wordsworthian display, only ending as they give way to bluebells.

There have been other surprises: fritillaries have been prolific & magnolias, led by stellata, have so far escaped the frost & delight the eye as one drives through the village. Primroses line hedgerows & banks & pink bleeding heart flourishes under the wild rose.

Mowing is up to once every two weeks already. Keep lawns tidy & properly edged & use the mower to mark out paths through the bulbs. Add compost & manure to flower beds & sprinkle with fertilizer.

Pruning of autumn flowerers can continue, e.g. the vigorous abelia.

Rhododendrons are slipping into flower, some hardly seen in the woods, & azaleas are not far behind. In the vegetable garden last year's harvest is over but this years potatoes are already above ground. Clean up & add mulch to strawberries & raspberries, & try to curb the latter's tendency to sprout everywhere. Parsnips & spinach are coming up in lengths of guttering in the greenhouse.

Terrace planters have blossomed with white & pink tulips. However they will be short-lived & thought should be give to replacing them with geraniums, lobelia, daisies & other summer favourites.

Under the rhodies in a sunny spot lurks a large grass snake, often only heard as it rustles away. The birdfeeders remain active & the nesting boxes are steadily filling up, led by busy bluetits. Long tailed tits are nesting in the bushes by the house. The dawn & evening chorus is mounting - when will the first cuckoo be heard?

Bus Services on the A24 & A264

Following a serious accident that involved one of our buses on the A24 in Washington, West Sussex County Council has carried out a safety review on all bus stops on the A24 & A264.

The safety review concluded, given today's traffic conditions, these bus stops are a road safety risk.

The County Council has taken the difficult decision to temporarily suspend all those stops on the A24 & A264 where buses have to stop on the inside lane & has taken effect from **Monday 25th April 2016**.

This will affect 3 stops in the Faygate/Colgate area towards Crawley only:

Cherry Tree

Park Road

Holmbush Farm

Please be aware we are trying to the Cherry Tree stop moved on to the slip road which will enable us to re-open this stop.

The County Council are working with us & the other bus operators to identify alternative arrangements where possible.

The County Council & Metrobus understands that these changes may have an adverse impact on some bus passengers.

However, reducing the road safety risk to the travelling public has to take precedence.

Over the next few months the County Council will be consulting with local communities to understand the impact of suspending the bus stops.

The consultation results will be used to determine what, if any, measures should be considered to resolve any issues or concerns that are identified.

The late lamented comedian Robin Williams, brought up in the Episcopalian Church in the United States once listed in reverse order the advantages of being Episcopalian, or as we would say Anglican, the equivalent of the Church of England.

Enjoy his irreverent take on our denomination: -

10. No snake handling.
9. You can believe in dinosaurs.
8. Male & female God created them; male & female we ordain them.
7. You don't have to leave your brains at the door.
6. Pew aerobics.
5. Church year is colour-coded.
4. Free wine on Sunday.
3. All of the pageantry - none of the guilt.
2. You don't have to know how to swim to get baptized.

And the Number One Reason to be an Anglican:

1. No matter what you believe, there's bound to be at least one other Anglican who agrees with you.

At this time of change for our parish I pray above all that the people of St. Saviour's will not lose their humour.

Village Agent Rusper & Colgate

Hello villagers,

I hope now that spring is in sight, this advertisement finds you all well & feeling positive about the better weather that's on its way (hopefully!).

You will have seen, I'm sure, the recent ads that have gone in your Parish Magazines regarding the status of your Village Agent. As you will know Chloe began the role & then Sarah-Jo continued it to cover Chloe's maternity leave. Well, now that both lovely ladies have finished in the role & after covering the role myself whilst a decision was made for the way forward, I am delighted to tell you that I will be taking over the reins permanently.

So a little bit about me. My name is **JANE CULLUM** & I have lived in rural areas of Horsham district for 40 yrs so I understand how lovely it is living in rural locations, but also the frustrations that come with it ie; good public transport, socialising activities & problems severe weather conditions can bring, to name just a few. I come to the role with experience with Age UK Horsham District as Village Agent for Billingshurst & Shipley & co-ordinator for the Home from Hospital & Relative Support services. I have a wealth of knowledge that could be of benefit to the over 50's & their carers'. I am very lucky to be able to say that I have also enlisted the help of a local Rusper Volunteer who is very keen to help out within the area.

I am here to contact for help & advice so please give me a call. I will do all I can to assist not only with any problems but also to offer advice to enable everyone to 'Love Later Life'

Tel: **07591-049042** or **01403-751322**. E-mail: villageagentrusper@ageukhorshamdistrict.org.uk

I very much look forward to meeting as many of you as possible. I have already been along to **Rusper Chat & Colgate Cuppa & Chat** which are both groups which offer an opportunity to socialize & meet new people as well as discuss Village issues. Do contact me if you would like details of these groups (or details should be found in your Parish Magazines).

Very best regards, Jane Cullum

The Village Agent role is provided by Age UK Horsham District & supported & funded by the Hope Keith Villagers Trust.

Clergy Day Off

Nick is here to serve the needs of the community. He is pleased to hear of new people moving in who may need visiting and welcomed by the Church.

Holy Communion can be arranged for the sick or housebound.

He tries to take just one day off each week and it would be appreciated if he is not contacted on a Thursday.

News from St. Saviour's.....

Easter services were enthusiastically attended, culminating in hot cross buns on Easter Sunday. We were very grateful to Peter Murray & Alun Mayer for covering our lectern so graciously & to those who decorated the church so beautifully.

Our AGM will take place on April 26th. PCC members will welcome any thoughts or comments.

As we contemplate change in the parish, the needs of Open House remain constant & the box at the back of the church is always there for donations in kind.

With an eye to the future we note the swearing in on April 21st of Roffey's new Assistant Curate, the Reverend Kevin Humphrys, who will join Father Russell in serving the needs of our two parishes.

News from PCSO Tracy Bicknell.....

Protect Your Privates

Criminals are increasingly targeting people who don't protect their private information online to commit fraud & other offences.

Protect Your Privates is a campaign by Sussex Police, to raise awareness of cybercrime & help you to stay safe & secure whether you are on a computer, laptop, tablet or smartphone.

You can help protect yourself by taking 3 simple steps:

Use strong passwords

This means using a mix of uppercase & lowercase letters, numbers & symbols;

For example: !AmPr0tectingMyPr1vates

Get security software

For as little as £20 a year you can get an anti-virus program installed on your computer, tablet or smartphone to deter criminals.

Update your software

Manufacturers are continually improving software to make their programs more secure & harder for criminals to break into.

Financial loss of online fraud victims

While traditional crime has been falling, cybercrime has been increasing rapidly as criminals see online fraud as less risky, with victims easier to find.

In East Sussex alone last year there were 787 victims of online fraud.

Nationally, figures show that over 50% of victims lose between £20 & £500, while nearly a quarter of victims lose over £500 & up to £20,000.

The most commonly reported issues in Sussex are:

- ♦ The Con - a victim is called by someone pretending to be from a reputable company & then convinced to allow the fraudster remote access to their computer.
- ♦ Ransomware attacks - pop up windows that look like they are from reputable companies ask for bank details or attempt to blackmail victims into handing over money.
- ♦ Phishing - e-mails or pop up windows may entice you to click a link to find out more about a prize or discount which actually allows malicious software to be downloaded on to your computer.

To find out more information about cybercrime & how to protect your private information visit:

www.protectyourprivates.co.uk

Contact us

If you have been a victim of fraud, report online to Action Fraud at

www.actionfraud.police.uk/report_fraud or by calling **0300-123-2040** or report online to Sussex Police at www.sussex.police.uk/contact-us/report-on-line/ or call **101**

About Holbrook Animal Rescue.

We are a small family run, independent rescue founded 20 years ago.

The centre is 80% self funded by the family, therefore every penny of donations counts & goes towards veterinary costs, feeding & general care.

Donations are gratefully received & please contact us for instruction on how to arrange a standing order to become a regular supporter.

Please note that meeting any of our animals for adoption is strictly by appointment/invitation & only after a home check has been carried out. We kindly ask you to not just turn up, as it is very unsettling for the animals & also to our neighbours as we do not have parking facilities. Also we sadly cannot help wildlife, so please take injured or sick wild animals you find to a vet (don't worry, they won't charge you).

Some of you may have nest boxes in your garden & hopefully by the time you read this they are buzzing with activity, blue tits or great tits frantically ferrying mouthfuls of juicy caterpillars to the mouths of ever-hungry chicks. It's great to watch this for two weeks or so before the chicks fledge & then they emerge into their world, in a good year this can be up to a dozen or so, & then the parents can relax, job done for another year. Your garden has provided a habitat & conditions where these wonderful little birds can thrive.

But is it right to provide these facilities on a nature reserve? An interesting debate has been going on at Woods Mill nature reserve, Henfield over the last few years as to whether providing a number of nest boxes for blue & great tits, plus winter feeding, has produced an artificially high number of these two species. Undoubtedly, when we have done surveys of the populations here they have come out as very dense & have on occasions been questioned when we have submitted them to the British Trust for Ornithology for being unusually high.

Since we set up the nest box scheme blue tit & great tit numbers have continually risen, but in that time we have lost both willow tit & more recently marsh tit while coal tit sightings have declined. It is thought that the blue & great tits are more aggressive & will out compete the other species for nesting sites & also for food put out for them in winter. Undoubtedly there are other reasons why the populations of the scarcer tits have declined & there is no science yet to prove the theory of competing, & it does show that blue & great tits are better at adapting to a changing environment.

But it is not just the scarcer tits that these high populations might affect. One of the advantages of being a resident here is that you get into your breeding cycle early & are well into the swing of it before the summer migrants arrive. So while the visitors are still getting established, the blue & great tits are feasting on all the emergent insects, particularly caterpillars, therefore by the time the

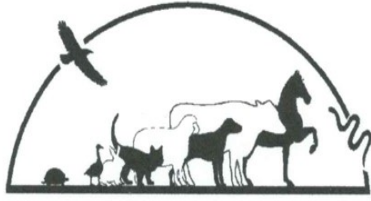

migrant chicks are ready to be fed, the food source has been depleted. Again, nothing proven & there are many other causes for general declining summer migrant numbers, especially in south east England.

I'm not for a minute suggesting that you stop feeding or remove nest boxes from your garden, they are really important for these birds. In the bigger picture, there are other factors that are the major causes of population declines, but at places like Woods Mill it may be that we, in fact we already have, scale down the nesting population to help more of those species that are struggling to cope in an ever shrinking suitable environment.
