

# Hello lovely people of the Highway (1-40)

Hello my name is Lucie and I have been knocking on your doors for the past few months. It was great to meet you all and listen to what you like about the area you live in and also your concerns. I have listed what you said below.

## What do you like about living here:

- some people said they have lived in this area for over 30 years
- good location, plenty of shops, close to the city centre
- peaceful and “really safe area”
- bus services, cycling lane and nearby train station - “well connected”
- quality schools nearby
- people know their neighbours “good community”

## Some of your concerns:

- traffic, road is very busy, 20 miles limit are blocking access to the road
- noise, noise from the traffic and noise from students
- low standard housing and not affordable housing for new generations
- not enough happening within the community
- front gardens are neglected and untidy either with rubbish or uncut grass
- concerns about new developments from the university

As a Volunteer Community Organiser I am here to support you to turn your ideas or concerns into action by bringing you together with other people who have similar interests.

As a part of our support for better integration of different communities in the area we are organising **Hello! Hubs**. This is an event open to everyone that offers a chance to meet your neighbours, welcome newcomers to the area and to build a positive relationship from the beginning. **Hello! Hubs** will take place in **local community pub the Bevy on Saturday 17th October 2015 at 10am-3pm**.

We would like to invite you to help us shape this event, your contribution really matters. Get in touch with us to get involved!

Best wishes,  
Your community organisers
